INSTRUCTIONS TO AUTHORS

Acta Societatis Zoologicae Bohemicae publishes in English original papers on general, applied and systematic zoology, biographies and book reviews. Papers by members of the Czech Zoological Society are preferred. It is understood that manuscripts submitted are not offered to any other journal for prior or simultaneous publication.

Authors of taxonomic papers must respect the articles of International Code of Zoological Nomenclature (Fourth Edition, 1999) and observe its recommendations. The manuscript, including footnotes, references and tables, must be typed with single spacing (50 lines per page) on one side A4 paper (210 mm × 297 mm), in duplicate, and should be not longer than 30 pages. Pages must be numbered throughout the manuscript.

Heading. Title of paper, full name(s) of author(s), place of work with full address – on separate line.

Abstract summarizing concisely the contents of the paper and indicating the relevance of the work, should not exceed 20 type-written lines.

Key words. Select a set (one or two lines) of key words (index terms).

References. Within the text – Dryden (1968), (Lattin 1967), Kummari & Nair (1967), Tamiro et al. (1970), the full citation should be given in the list of references. Under the References authors should be cited in full periodical name. The number is to be given (in parentheses) only when individual numbers are paginated independently (see example b). References to papers published in languages other than the major ones, or printed in characters other than Latin, should be content English translation, with an appropriate note at the end (see examples e, f, g).

- (d) Makin D. 1989: The status of bats in Israel. Pp.: 403–408. In: Hanák V., Horáček I. & Gaisler J. (eds): *European Bat Research 1987*. Praha: Charles University Press, 718 pp.
- (e) Schornikov E. I. 1969: A new family of Ostracoda from the supralittoral zone of Kuril Islands. *Zoologicheskij Zhurnal* **48**: 494–498 (in Russian, English abstract).
- (f) Nikolajev G. V. 1987: *Plastinchatousye zhuki (Coleoptera, Scarabaeoidea) Kazakhstana [Scarabaeoidea (Coleoptera) of Kazakhstan]*. Alma-Ata: Izdatelstvo Nauka KazSSR, 232 pp. (in Russian).
Nikolaev G. V. 1987: *Plastinčatousye žuki (Coleoptera, Scarabaeoidea) Kazakhstana i Srednej Azii [Scarabaeoidea (Coleoptera) of Kazakhstan and Central Asia]*. Alma-Ata: Izdatelstvo Nauka KazSSR, 232 pp. (in Russian).
- (g) Lekeš V. 1993: [Macrolepidoptera of the Polabí lowland]. *Polabská Příroda* **4**: 19–20 (in Czech).

Illustrations and their captions or legends must form a separate unit. Clear technically perfect line drawings and photographs are accepted. The original drawing and photographs (one set) should be more than twice as large as when printed and preferably arrange into blocks or plates so that the blocks of drawings or photographs may be uniformly reproduced over the page with the journal. Legends to the illustrations should be supplied on a separate sheet of paper. References to illustrations and tables in the text: Fig. 1; Figs 1–2; Plate 1, Fig. 1 (for photographic plates); Table 1; Tab. 1; Tabs 1–2. Graphics can be also provided in electronic version and should be saved in Tagged Image Format (TIF). Required minimum resolution for figures in halftones 8-bit grayscale mode is 400 dpi at print size and line art in 1-bit black mode is 1200 dpi at print size. Figures in Microsoft Word or Microsoft Excel cannot be used.

Tables including headings and explanations should be on separate sheet of paper, numbered consequently with Arabic numerals.

Proofs will be sent to authors. Original illustrations are not returned unless return is requested. Each author will receive a PDF file for private use and one complete issue if requested.
